About Me

A passionate and creative UI/UX designer focused on crafting clean, and engaging user experiences. I blend curiosity and empathy to design products that not only look beautiful but feel effortless to use. My work focuses on creating calm, visually engaging interfaces that tell a story and improve everyday interactions.

Skills & Tools

Tools:	Figma, Photoshop
Skills:	Wireframing, Prototyping, UX Research, V isual Design

Projects

- Jumia App Redesign

Redesigned the Jumia e-commerce app to enhance clarity, navigation, and checkout flow while maintaining brand consistency and modern appeal.

- First Bank App Redesign

Created a refreshed banking interface with improved usability, visual hierarchy, and streamlined dashboard experience for faster transactions.

- MindLoop – Mental Wellness App (Original Design)

Designed an AI-powered wellness app that recommends activities based on emotions. Focused on calm visuals, accessibility, and a guided user journey.

Education

Bachelor of Nursing Science (BNSc) LAUTECH, Ogbomoso
